To get to the area on the map above:

From the Airport Expressway take the Dashanzi (大山子) Exit and get on Jiuxianqiao North Road (酒仙桥北路) and head East.

After 600 m turn left onto Caihong (彩虹路) Road heading North for 700 m. Turn right on to the Airport Expressway Side Road (机场辅路) then heading Northeast. Keep straight for 900 m. CAOCHANGDI (草场地) will be at your right-hand side.

Description as soon as you have reached the area:

After you pass Caochangdi, turn right for Nangao Lu (南高路) then heading East.

After 1.6 km (the second traffic light) turn right, towards the CHINESE FILM MUSEUM (中国电影博物馆) .

You will go through a little underpass (the famous railroad circle above you), and the film museum will come up on your right. Pass it, it is a street that will make a little curve to the right, make sure not to go into their parking lot. After 50 m you see a chinese sign pointing to HEIQIAO (黑桥) and an otherwise nondescript street on your left. Follow this street for 1.0 km – There will be one more crossing, dont turn but keep straight until you are almost at the «end» of this street (no more streetlights) .

Watch out for a curved brick wall at your right side with a sign that says «C District» – the next district, B, is ours. Turn right into B Qu. Enter the first iron gate on the left. HEIQIAO OFF is at the end of the Garden.
